Resource Description

Exposure :

weather or climate related pathway by which climate change affects health

Extreme Weather Event, Temperature, Unspecified Exposure

Extreme Weather Event: Drought, Flooding

Temperature: Fluctuations

Geographic Feature:

resource focuses on specific type of geography

None or Unspecified

Geographic Location:

resource focuses on specific location

Non-United States

Non-United States: Australasia

Health Impact:

specification of health effect or disease related to climate change exposure

Health Outcome Unspecified

Medical Community Engagement:

resource focus on how the medical community discusses or acts to address health impacts of climate change

A focus of content

Mitigation/Adaptation:

mitigation or adaptation strategy is a focus of resource

Climate Change and Human Health Literature Portal

Adaptation, Mitigation

Resource Type: 

format or standard characteristic of resource

Policy/Opinion

Timescale: 

time period studied

Time Scale Unspecified
